

MOSQUITOS!

To Fog or Not to Fog?

Do you want to know more about this biting topic?!

Please join the Webster Groves Sustainability Commission
& Greenspace Advisory Commission to learn more.

JUNE 20 | 7:00PM

MAYPOP GARDEN & COFFEE SHOP

803 Marshall Avenue, Webster Groves, MO 63119

Guest speakers will include:

James Sayers, St. Louis County Vector Control

James will provide a peek into the world of vector control and explain when and why they spray for mosquitos around the county.

Jean Ponzi, EarthWays Center

Jean will discuss how to control the “pest” while protecting both pollinators and people.

Email Ginger at ginger.garrett@gmail.com with questions.

Light refreshments will be served, and remember to bring your reusable water bottle!
